Telecommunications Authority of Trinidad and Tobago

Statement of management's responsibilities

It is the responsibility of management to prepare financial statements for each financial year which present fairly, in all material respects, the state of affairs of the Telecommunications Authority of Trinidad and Tobago (the 'Authority') as at the end of the financial year and of the operating results of the Authority for the year. It also requires management to ensure that the Authority keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Authority. They are also responsible for safeguarding the assets of the Authority.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards ('IFRS'). This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

Management accepts responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with IFRS. Management is of the opinion that the financial statements present fairly, in all material respects, the state of the financial affairs of the Authority and of its operating results. Management further accepts responsibility for the maintenance of accounting records which may be relied upon in the preparation of financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of Management to indicate that the Authority will not remain a going concern for at least the next twelve months from the date of this statement.

Selby Wilson
Chairman of the Board of Directors

**Independent auditor's report
to the members of
Telecommunications Authority of Trinidad and Tobago**

Report on the financial statements

We have audited the accompanying financial statements of the Telecommunications Authority of Trinidad and Tobago (the 'Authority'), which comprise the statement of financial position as at September 30, 2015 and the statement of profit or loss and other comprehensive income and statement of changes in amount due to consolidated fund and statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Authority as at September 30, 2015, and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

1. Principal activities

The Telecommunications Authority of Trinidad and Tobago (the 'Authority') is an independent regulatory body, established by the Telecommunications Act (the 'Act') Chapter 47:31. The Authority is charged with the responsibility for the regulation of the telecommunications and broadcasting sectors. The Authority's mandate includes recommendations to the Minister for the granting of Concessions, the granting of Spectrum Licences and the collection of related fees, the determination of Universal Service obligations throughout Trinidad and Tobago, the establishment of National Telecommunications Industry Standards and Technical Standards, Price Regulation and Consumer Protection. The Authority became operational on July 1, 2004.

The Authority is located at # 5 Eighth Avenue Extension, Barataria, Trinidad.

The Authority reports to the Ministry of Public Administration.

2. Adoption of new and revised International Financial Reporting Standards

Standards and Interpretations adopted with no effect on financial statements

The Authority has adopted the following new standards and interpretations which had no effect on the financial statements and which were effective for annual periods beginning on or after January 1, 2014.

- Amendments to IAS 32 Offsetting Financial Assets and Financial Liabilities
- Amendments to IAS 36 Recoverable Amount Disclosures for Non-Financial Assets
- IFRIC 21 Levies
- Amendments to IAS 19 Defined Benefit Plans: Employee Contributions
- Annual Improvements to IFRS 2010-2012
- Annual Improvements to IFRS 2011-2013
- IFRS 7 Financial instruments – disclosure

Standards and Interpretations in issue not yet adopted, which may have an impact on the Authority's financial statements

The Authority has not applied the following new and revised IFRS that have been issued but are not yet effective:

- | | |
|-----------------------------------|---|
| • IFRS 9 | Financial instruments ³ |
| • IFRS 15 | Revenue from Contracts with Customers ² |
| • Amendments to IAS 16 and IAS 38 | Clarification of Acceptable Methods of Depreciation and Amortization ¹ |
| • Amendments to IFRS | Annual Improvements to IFRS 2012-2014 ⁴ |
| • Amendments to IAS 1 | Disclosure Initiative ¹ |

¹ Effective for annual periods beginning on or after January 1, 2016, with earlier application permitted.

² Effective for annual periods beginning on or after January 1, 2017, with earlier application permitted.

³ Effective for annual periods beginning on or after January 1, 2018, with earlier application permitted.

⁴ Effective for annual periods beginning on or after July 1, 2016, with earlier application permitted.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

2. Adoption of new and revised International Financial Reporting Standards (continued)

Standards and Interpretations in issue not yet adopted, which may have an impact on the Authority's financial statements

• IFRS 9 Financial Instruments

IFRS 9, which was issued in November 2009, introduced new requirements for the classification and measurement of financial assets. IFRS 9 was subsequently amended in October 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition, and in November 2013 to include the new requirements for general hedge accounting. Another revised version of this IFRS was issued in July 2014 mainly to include a) impairment requirements for financial assets and b) limited amendments to the classification and measurement requirements by introducing 'fair value through other comprehensive income' ('FVTOCI') measurement category for certain simple debt instruments.

Key requirements of IFRS 9:

- all recognized financial assets that are within the scope of IAS 39 Financial Instruments: Recognition and Measurement are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at FVTOCI. All other debt investments and equity investments are measured at their fair value at the end of the subsequent accounting periods. In addition, under IFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognized in profit or loss.
- with regard to the measurement of financial liabilities designated as at fair value through profit or loss, IFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under IAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

2. Adoption of new and revised International Financial Reporting Standards (continued)

Standards and Interpretations in issue not yet adopted, which may have an impact of the Authority's financial statements (continued)

• IFRS 9 Financial Instruments (continued)

- in relation to the impairment of financial assets, IFRS 9 requires an expected loss model, as opposed to an incurred loss model under IAS 39. The expected loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognized.
- the new general hedge accounting requirements retain three types of hedge accounting mechanisms currently available in IAS 39. Under IFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

Based on the Telecommunications Act Chapter 47:31, the Authority is not permitted to engage in any investment activities as a result, the requirements relating to hedge accounting will not apply to the Authority.

• IFRS 15 Revenue from Contracts with Customers

In May 2014, IFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue from contracts with customers. IFRS 15 will supersede the current revenue recognition guidance including IAS 18 Revenue, IAS 11 Construction Contracts and the related Interpretations when it becomes effective.

The core principle of IFRS 15 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

Under IFRS 15, an entity recognizes revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in IFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by IFRS 15.

IFRS 15 becomes effective for annual periods beginning on or after January 1, 2017, and does not require retrospective application. Management does not anticipate that this IFRS will be early adopted. Once, adopted the standard is not expected to have a significant impact on the amounts reported and disclosures made in the Authority's financial statements. Management will carry out a detailed review of the final version of the IFRS.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

2. Adoption of new and revised International Financial Reporting Standards (continued)

Standards and Interpretations in issue not yet adopted, which may have an impact of the Authority's financial statements (continued)

• Amendments to IAS 16 and IAS 38 Clarification of Acceptable Methods of Depreciation and Amortization

The amendments to IAS 16 prohibit entities from using a revenue-based depreciation method for items of property, plant and equipment. The amendments to IAS 38 introduce a rebuttable presumption that revenue is not an appropriate basis for amortization of an intangible asset. This presumption can only be rebutted in the following two limited circumstances;

- a) when the intangible asset is expensed as a measure of revenue; or
- b) when it can be demonstrated that revenue and consumption of the economic benefits of the intangible asset are highly correlated.

The amendments apply prospectively for annual periods beginning on or after January 1, 2016.

The management of the Authority do not anticipate that the application of these amendments to IAS 16 and IAS 38 will have a material impact on the Authority's financial statements.

• Annual Improvements 2012 – 2014

The Annual Improvements to IFRS 2012-2014 include a number of amendments to various IFRS, which are summarised below.

IFRS 5 — Adds specific guidance in IFRS 5 for cases in which an entity reclassifies an asset from held for sale to held for distribution or vice versa and cases in which held-for-distribution accounting is discontinued.

IFRS 7 — Additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset, and clarification on offsetting disclosures in condensed interim financial statements.

IAS 19 — Clarify that the high quality corporate bonds used in estimating the discount rate for post-employment benefits should be denominated in the same currency as the benefits to be paid.

IAS 34 — Clarify the meaning of 'elsewhere in the interim report' and require a cross-reference.

The management of the Authority do not anticipate that the application of these amendments will have a significant impact on the Authority's financial statements.

• Amendment to IAS 1: Disclosure Initiative

Amendments were made to IAS 1 Presentation of Financial Statements to address perceived impediments to preparers exercising their judgement in presenting their financial reports by making the following changes:

- a) clarification that information should not be obscured by aggregating or by providing immaterial information, materiality considerations apply to the all parts of the financial statements, and even when a standard requires a specific disclosure, materiality considerations do apply;

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements
For the year ended September 30, 2015
(Expressed in Trinidad and Tobago dollars)

2. Adoption of new and revised International Financial Reporting Standards (continued)

Standards and Interpretations in issue not yet adopted, which may have an impact of the Authority's financial statements (continued)

• Amendment to IAS 1: Disclosure Initiative (continued)

- b) clarification that the list of line items to be presented in these statements can be disaggregated and aggregated as relevant and additional guidance on subtotals in these statements and clarification that an entity's share of OCI of equity-accounted associates and joint ventures should be presented in aggregate as single line items based on whether or not it will subsequently be reclassified to profit or loss;
- c) additional examples of possible ways of ordering the notes to clarify that understandability and comparability should be considered when determining the order of the notes and to demonstrate that the notes need not be presented in the order so far listed in paragraph 114 of IAS 1.

The management of the Authority do not anticipate that the application of these amendments will have a significant impact on the Authority's financial statements.

Standards and Interpretations in issue, which will not have an impact on the Authority's financial statements

The following new and revised IFRS that have been issued but are not yet effective and will not have any impact of the financial statements of the Authority:

- | | |
|---|---|
| <ul style="list-style-type: none"> • Amendments to IFRS 11 • Amendments to IAS 16 and IAS 41 • Amendments to IFRS 10 and IAS 28 • Amendments to IAS 27 • Amendments to IFRS 10, IFRS 12 and IAS 28 | <ul style="list-style-type: none"> Accounting for Acquisitions of Interest in Joint Operations¹ Agriculture: Bearer Plants¹ Sale of Contribution of Assets between an Investor and its Associate or Joint Venture¹ Equity Method in Separate Financial Statements¹ Investment Entities: Applying the Consolidation Exception¹ |

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

3. Summary of significant accounting policies

The principal accounting policies adopted in the preparation of these financial statements are set out below:

Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards ('IFRS'). The financial statements have been prepared under the historical cost convention.

The preparation of these financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Authority's policies.

a) **Foreign currency translation**

i) Functional and presentation currency

Items included in the financial statements of the Authority are measured using the currency of the primary economic environment in which the Authority operates ('the functional currency'). The financial statements are presented in Trinidad and Tobago dollars, which is the Authority's functional and presentation currency.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit or loss.

b) **Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable.

- i) Fees charged by the Authority are recognised as income when services are provided.
- ii) Income from licences is recognised on a straight-line basis over the licence period.
- iii) Interest income is recognised as it accrues, unless collectability is in doubt.
- iv) Income is also recognised from receipt of Government grants. See note 3(d) for Government grants.

c) **Plant and equipment**

All plant and equipment is stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items of plant and equipment. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Authority and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the statement of profit or loss during the financial period in which they are incurred.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

3. Summary of significant accounting policies (continued)

c) Plant and equipment (continued)

Plant and equipment are depreciated on the reducing balance basis at rates estimated to write off the cost of fixed assets over their useful lives. Current rates of depreciation are as follows:

Fixtures and fittings	20%
Computer equipment and software	25%
Office furniture and equipment	20%
Motor vehicles	25%
Telecommunication equipment and related software	25%

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the statement of profit or loss.

d) Government grants

Government grants related to fixed assets are deferred in the statement of financial position and amortised over the estimated useful lives of the assets to which it relates.

e) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, deposits held at call with banks.

f) Receivables

Trade receivables are carried at original invoice amount less an allowance made for impairment of these receivables. The allowance for impairment of trade receivables is established based on a review of all outstanding amounts at the year-end. Bad debts are written off during the year in which they are identified.

g) Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

h) Provisions

Provisions are recognised when the Authority has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate of the amount of the obligation can be made.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

3. Summary of significant accounting policies (continued)

i) Reserves

Universal Fund

In accordance with the Telecommunications Act (2001) Section 28 (3), the Board approves the appropriation of reserves to the Universal Fund. The Board also approves the appropriation of reserves for the future development of the Authority.

Consolidated Fund

In accordance with the Telecommunications Act (2001) Section 53 (7), "At the end of each financial year, any surplus of funds remaining in the account opened in accordance with subsection (5), after defraying the expenditure referred to in subsection (2), shall be paid into the Consolidated Fund".

j) Financial assets

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the statement of financial position date, which are classified as non-current assets.

The Authority assesses at each statement of financial position date whether there is objective evidence of impairment of its financial assets.

k) Impairment of financial assets

The carrying amounts of the Authority's assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the statement of profit or loss.

i) Calculation of recoverable amount

The recoverable amount of other assets is the greater of their net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

ii) Reversals of impairment

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

3. Summary of significant accounting policies (continued)

l) Taxation

As stated in section 54 of the Telecommunications Act, the Authority is exempt from income tax.

m) Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the statement of profit or loss over the period of the lease.

n) Comparatives

Where necessary comparative figures have been adjusted to conform to changes in presentation in the current year.

4. Critical accounting estimates and judgments

In the application of the Authority's accounting policies, which are described in note 3, management of the Authority are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates. Key sources of uncertainty, which require the use of estimates, include:

Useful lives and residual values of plant and equipment

The estimates of useful lives as translated into depreciation rates are detailed in the plant and equipment policy above. These rates and the residual lives of the assets are reviewed annually taking cognizance of the forecasted commercial and economic realities and through benchmarking of accounting treatments within the industry.

Contingent liabilities

Management applies its judgment to the facts and advice it receives from its attorneys, advocates and other advisors in assessing if an obligation is probable, more likely than not, or remote. Such judgment is used to determine if the obligation is recognised as a liability or disclosed as a contingent liability.

5. Financial risk management

a) Market risk

The Authority's activities do not expose it to any significant market risks (including currency risk, fair value interest rate and price risk).

i) Cash flow and fair value interest rate risk

As the Authority has no significant interest bearing assets, the Authority's income and operating cash flows are substantially independent of changes in market interest rates. The Authority does not own any investments.

ii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The majority of the financial instruments of the Authority are denominated in Trinidad and Tobago dollars, thus, the risk to the Authority is considered minimal.

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

5. Financial risk management (continued)

b) *Credit risk*

Credit risk arises from cash and cash equivalents as well as credit exposures to customers for outstanding receivables. The Authority does not have significant credit risk exposure to any single third party counterparty or any group of counterparties having similar characteristics. The Authority defines counterparties as having similar characteristics if they are related entities.

Credit risk also arises from cash and deposits with banks and financial institutions. For banks and financial institutions, only those with good standing and with a sound reputation are used.

c) *Liquidity risk*

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying business, the Authority aims to maintain flexibility in funding by keeping committed credit lines available.

The table below analyses the Authority's financial liabilities based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed are the contractual undiscounted cash flows. Balances due within 1 year equal their carrying balances, as the impact of discounting is not significant.

	Less than 1 year \$

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

14. Training

In accordance with Section 18(n) of the Act, the Authority is committed to continuous training of its personnel to ensure that the industry standards are in compliance with:

- i) International standards of the Telecommunications Union Convention
- ii) Testing and certifying of telecommunications equipment
- iii) Other relevant training necessary to achieve the objectives of the Act as outlined in Section 3 of the Act.

	<u>2015</u>	<u>2014</u>
	\$	\$
Training, registration fees	622,112	689,312
Foreign travel, per diems, airfare	1,823,761	2,136,013
	<u>2,445,873</u>	<u>2,825,325</u>

15. Rent/lease expenses

Operating Lease arrangements

Leasing arrangements

The Authority leases its facilities, which include executive and administrative offices which are renewed annually. Substantially the lease provides that the lessee shall pay maintenance, insurance and certain other operating expenses applicable to the leased property. The lease also includes renewal options.

Lease commitments

	<u>2015</u>	<u>2014</u>
	\$	\$
No later than 1 year	3,320,000	3,291,239
Later than 1 year	--	--
	<u>3,320,000</u>	<u>3,291,239</u>

16. Staff costs

	<u>2015</u>	<u>2014</u>
	\$	\$
Salaries	24,150,335	20,998,822
Directors fees and expenses	825,000	803,000
Pension contributions	1,381,945	1,480,656
Short term employment	--	24,000
Other personnel expense	143,489	158,601
	<u>26,500,769</u>	<u>23,465,079</u>

The number of employees at September 30, 2015 was 99 (2014: 90).

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

17. Other administrative costs

	<u>2015</u>	<u>2014</u>
	\$	\$
Security	514,944	510,632
Janitorial services	251,409	278,369
Supplies	892,763	733,187
Other contracted services	2,786,464	1,839,621
Bad debt expenses / (recoveries)	331,082	(290,696)
Other administrative costs	340,191	464,300
	<u>5,116,854</u>	<u>3,535,413</u>

18. Contingent liabilities and assets, commitments

Legal proceedings

The Authority is both plaintiff and defendant to several legal suits and proceedings. However, the disposition of these matters is not likely to have a materially adverse effect on its financial condition or results of operation.

19. Related party transactions

A number of transactions are entered into with related parties in the normal course of business.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other part in making financial decisions.

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the Authority.

These transactions were carried out on commercial terms and conditions at market rates, except loans to officers.

Related party transactions and balances

Balances and transactions with related parties and key management personnel during the year were as follows:

	<u>2015</u>	<u>2014</u>
	\$	\$
Key management compensation	5,468,638	4,880,493
Sale of asset	202,887	--

Telecommunications Authority of Trinidad and Tobago

Notes to the financial statements

For the year ended September 30, 2015

(Expressed in Trinidad and Tobago dollars)

20. Financial instruments by category

The accounting policies for financial instruments have been applied to the line items below:

	<u>2015</u>	<u>2014</u>
	\$	\$
<u>Financial assets</u>		
Cash and cash equivalents	148,045,910	160,155,920
Receivables	<u>13,506,789</u>	<u>25,876,771</u>
	<u>161,552,699</u>	<u>186,032,691</u>
<u>Other financial liabilities</u>		
Payables held at amortised cost	<u>4,242,974</u>	<u>6,038,735</u>
	<u>4,242,974</u>	<u>6,038,735</u>

21. Events after the reporting date

No significant events occurred after the reporting date affecting the financial performance, position or changes therein for the reporting year presented in these annual financial statements.
