TRINIDAD AND TOBAGO ELECTRICITY COMMISSION	Point to Point	n/a	3 years

APPLICATION FOR EQUIPMENT CERTIFICATION

If you are a Trinidad and Tobago resident, or organization located in this country, and plan to import radiocommunication devices, including unmanned aerial systems (UAS), you need to apply for Equipment Certification from the Telecommunications Authority of Trinidad and Tobago (TATT).

Radiocommunication devices include:

- Two-way radios (including toy walkie talkies)
- Amateur equipment
- Maritime equipment

A UAS is any type of drone (including toy drones) as well as radio controlled toys such as:

- Airplanes
- Quadcopters
- Helicopters

The Customs and Excise Division will not allow the importation of radiocommunication devices or UAS, unless Equipment Certification is first obtained from TATT.

1. How to Apply for Equipment Certification:

To apply for Equipment Certification please visit TATT's website via Telecommunications Authority of Trinidad and Tobago (www.tatt.org.tt) or Equipment Certification under "Telecommunications" on the home page and follow the steps provided.

2. Additional Information:

Please Note: In addition to Equipment Certification, some radiocommunication devices also require licences from TATT to be operated in Trinidad and Tobago.

Sections 36 and 65 of the Telecommunications Act Chap. 47:31 ("the Act"), states:

"36(1)... no person shall –

- (a) establish, operate or use a radio-communication service;
 - (b) install, operate or use any radio-transmitting equipment;
- ...without a licence granted by the Authority"

"65. A person who –

- (a) fails to comply with or acts in contravention of section... 36(1)... commits an offence and is liable on summary conviction to a fine of two hundred and fifty thousand dollars and to imprisonment for five years..."

To apply for a licence, please visit <https://tatt.org.tt/Licensing/ApplyforaLicence.aspx> to access licence application forms.

For further information, please visit TATT's website at www.tatt.org.tt
