Section A - General Conditions applicable to the Licence

Laws and Regulations

- A1. This Licence is issued pursuant and subject to the Act. The provisions of the Act shall apply to this Licence and to the Licensee's operation or use of any radiocommunication service or radiotransmitting equipment. Nothing in this Licence shall be construed as limiting or excluding the application of any provision of the Act.
- A2. The Licensee shall comply with the Act, all regulations or other instruments made under the Act, the conditions of this Licence and all relevant laws in force from time to time in the Republic of Trinidad and Tobago.
- A3. The Licensee shall, without delay, comply with any lawful direction made by the Government, the Minister, or by the Authority under the Act.
- A4. The conditions contained in this Licence shall be construed and interpreted in accordance with the Laws of the Republic of Trinidad and Tobago.

Period of Licence

- A5. This Licence shall take effect on the Date of Grant and shall continue in effect for a period set out in the Term in respect of the radiotransmitting equipment being installed, operated and used, the radio frequencies identifies and the related radiocommunications service being established, operated as set out in Schedule B of this Licence. This Licence shall determine at any time where all permissions granted under this Licence herein have been terminated.
- A6. This Licence may be renewed by the Authority upon application by the Licensee to the Authority, such application to be made no later than Three (3) months before end of the term.
- A7. The Authority shall, in assessment of any application for renewal of this Licence, be entitled to consider and have regard to the Licensee's previous compliance with the conditions of this Licence, any material contravention of the Act, or regulations made thereunder and/or whether the licensee failed to comply materially with any lawful direction of the Authority.

Payment of Licence Fees

- A8. The Licensee shall pay to the Authority any licence fees applicable to the radiocommunication service or radiotransmitting equipment authorised by this Licence as determined by and in accordance with such regulations relating to licence fees under the Act which may from time to time be in force.
- A9. Interest shall be payable by the Licensee on any Licence fee that remains due after the due date in accordance with such regulations relating to licence fees under the Act which may from time to time be in force.

Use of Spectrum and Equipment

- A10. The Licensee shall use the Station for the purpose of self-training in communication by radio telecommunications, which use (without limiting the generality of the foregoing) includes technical investigations.

- A11. The Licensee shall take all necessary steps to ensure that its operation or use of the radiocommunication service or radiotransmitting equipment authorised by this Licence does not cause harmful interference to any other licensed radiocommunication service or radiotransmitting equipment unless and to the extent that same is expressly provided for in any regulation, instrument or under the Act.
- A12. The Licensee shall take all necessary steps to ensure that its operation or use of the radiocommunication service or radiotransmitting equipment authorised by this Licence does not cause any danger to the public.
- A13. The Licensee shall ensure that the radiocommunication service and the radiotransmitting equipment operated by it or on its behalf at all times strictly complies with all applicable emission standards and technical specifications or requirements as stated in the licence including those specified by the Authority from time to time.
- A14. The Licensee shall cooperate with the Authority for the purposes of assisting the Authority in coordinating and managing the efficient use of radio frequency spectrum as a public resource, including in relation to any neighbouring country, and shall provide any assistance reasonably requested by the Authority for these purposes.
- A15. The Licensee shall, in accordance with the Act, any regulation and any other relevant law, obtain all required consents, approvals and rights of access from all relevant Government ministries, Government departments, local authorities and statutory bodies before the commencement of any installation of its radiotransmitting equipment.
- A16. The Licensee shall obtain the approval of all relevant authorities before erecting any mast or antenna to be used in connection with the operation of the station
- A17. The Licensee shall keep accurate, up to date and detailed records of the operations of the radiotransmitting equipment used to provide the radiocommunication service. The Licensee shall make such information available, promptly and without charge to the Authority and shall provide copies of the information as required for the Authority's purposes.

Messages

- A18. The Licensee shall send messages in plain language and shall relate solely to the Licensee's experiments and technical investigations or personal affairs (not being business affairs) or to the personal affairs of the person with whom the Licensee is communicating.
- A19.
 - (a) The Licensee shall not use the Station to transmit news, advertisements, communications of a business or non-experimental character, messages for pecuniary reward or messages for or on behalf of a third party;
 - (b) Notwithstanding (a) above the Licensee may transmit messages on behalf of a third party only in cases of National emergencies or National disaster relief efforts.
 - (c) The Licensee shall not use the Station as a broadcast station for news, music, speeches or any other transmissions except for distress messages.
 - (d) Except with the written permission of the Authority, the Licensee shall not call or transmit to any station other than an Amateur Station;

- (e) The Licensee shall not commence transmission without listening in on the radio frequency to be used in order to ascertain that no interference is likely to be caused to any other station which may be operating.
- (f) The Licensee may not make use of any encryption device or equipment in the operation or use of the Station.
- (g) The Licensee shall, if required by the Authority by notice in writing, transmit any message provided by the Authority by means of the Station.
- (h) The Licensee shall not transmit obscene language and shall ensure that obscene language is not transmitted from the Station.
- (i) The Licensee may use codes and abbreviations for communications as long as they do not obscure the meaning of, but only facilitate, the communication of messages.
- (j) The Licensee may send messages to individual amateurs but shall not send Messages (whether directly or for onwards transmission by another station) for general reception by Amateurs other than:
 - i. initial calls;
 - ii. to groups of Amateurs as long as communication is first established separately with at least one licensed amateur in any such group;
 - iii. to Amateurs who participate within a net, or
 - iv. messages transmitted via a mailbox or bulletin board for reception by all or any Amateurs who have the facility to transmit and receive RTTY or Data Transmissions.
- (k) Greetings messages may be sent by non-licensed persons provided that:
 - i. It is under the direct supervision of the Licensee or Authorized club member (in case of a license held on behalf of a club), who must operate the transmitter and identify the Station; and
 - ii. each greetings message does not exceed five minutes.

Recorded or Retransmitted Messages

- A21. (a) the Licensee may record and retransmit messages addressed to the Licensee from other licensed amateurs:
 - i with whom the Licensee is in direct communications; or
 - ii which are intended for retransmission to a specified Amateur.
- (b) The Licensee may send messages by (or as part of) the intermediate relaying of the messages to or from other Amateurs.
- (c) When recording and retransmitting the message of another Amateur from the Station, if the Licensee also records and retransmit a call sign on behalf of another Amateur, then the Licensee shall ensure that the Call Sign is also transmitted in such a way that the origin of the message and the origin of the transmission are clear.

Log

- A22. (1) The Licensee shall keep a permanent record (the "Log") of all wireless transmissions at the main station address and all temporary locations showing:
- (a) Dates of transmission;

- (b) the times in Universal Co-ordinated Time (UTC) during each day of:
 - i. the first and last transmission from the Station (except when using automatic operations involving digital communications);
or
 - ii. switching the station on and off for the purpose of enabling transmissions (when using automatic operations involving digital communications), and changing the frequency band, class of emission or power;
 - (c) frequency band of transmission or, in an unattended operation, the specific employed;
 - (d) class of emission;
 - (e) power level;
 - (f) initial calls (“CQ” calls) (whether or not they are answered);
 - (g) except during automatic operations involving digital communications. The call sign of licensed amateur radio stations with which communications have been established (not including those amateurs or which form part of the intermediate relay of messages);
 - (h) details of any test carried out ; and
 - (i) location when the station is operated at a temporary location.
- (2) The log shall be written in a book or maintained on magnetic tape, disc or other electronic storage medium. If the log is maintained on an electronic storage medium the means to view the log and produce a hard copy shall be kept readily available at the main station address.
- (3) Where the log is maintained:
- (a) In a book, the book shall not be loose-leaf and no gaps shall be left between the entries;
 - (b) On magnetic tape, disc or other electronic storage medium, suitable precautions shall be taken to ensure that the log is backed up.
- (4) The Licensee shall keep the log for inspection by a person authorized by the telecommunication Authority for at least six months from the date of the last entry whether or not this license has expired or been revoked.
- (5) The Licensee shall record additional matters in the log and for such period as may be specified by the Authority.
- (6) The Licensee shall, without prejudice to the provisions of the Act, make the log available for inspection by an authorised officer of the Authority.

Identification

- A23. In operation of the Station the Licensee shall transmit the Call Sign:
- (a) during initial calls (“CQ”) calls;
 - (b) The Licensee shall identify the station by the transmission of the Call Sign at the beginning and end of each communication and every five (15) minutes during any given communication;
 - (c) at the beginning of transmission on a new frequency (whenever the frequency of transmission is changed);
 - (d) by the same type of transmission that is being used for the communication;
 - (e) on the same carrier frequency that is being used for the communication; and

Vessels

- (i) Where the Licensee operates on a Vessel, the Licensee shall;
 - (a) install, use or make changes to the station only with the written permission of the Vessel's master; and
 - (b) observe radio silence on the advice of the Vessel's master.
- (ii) When on a Vessel in international waters, the Licensee shall use only those frequency bands which, in accordance with the Radio Regulations, have an allocation to the Amateur Service in the International Telecommunication Union (ITU) region being visited.

Aircraft

The Licensee shall not establish or use the Station in any aircraft or other airborne vehicle.

Transfer of Licence

- A33. The Licensee shall not, without the prior written approval of the Authority, such approval not to be unreasonably withheld, transfer, assign or otherwise part with this Licence or any permission, right, obligation or benefit granted under this Licence.

Remedies for Non-Compliance

- A34. Without prejudice to the foregoing and in accordance with the Act the Authority may take such action as it deems appropriate for any breach of any condition contained in this Licence.
- A35. In the event of a material breach of the Act, any regulation, instrument, or direction of the Authority made under the Act, or any condition of this Licence, the Authority and/or the Minister may:
 - (a) suspend or terminate this Licence or the Licensee's right to use radio frequency spectrum under this Licence; or
 - (b) take any other action it deems appropriate;in accordance with the relevant provisions of the Act and any regulation made thereunder.
- A36. The Licensee shall not be held to have failed to comply with its obligations under this Licence if and to the extent that the Authority is satisfied that it is or was prevented from complying with any such obligation for the following reasons:
 - (a) where such failure is directly attributed to force majeure, including but not limited to hostilities, embargo, strikes, lockouts, riots, insurrections, acts of war and explosions or damage not caused by or resulting from the negligence of the Licensee ;or
 - (b) any other factor which in the opinion of the Authority is beyond the Licensee's reasonable control and which notwithstanding the exercise by the Licensee of reasonable diligence, the Licensee was unable to prevent or overcome
 - (c) provided that the Licensee shall use all reasonable endeavours to address, without delay, the factor(s) preventing the carrying out of its obligations and shall resume the performance of its obligations as soon as the factor(s) which prevented the performance thereof ceases or abates.

Requirement to Furnish Information to the Authority

- A37. The Licensee shall furnish to the Authority, in such manner and at such times as the Authority may request in writing, such information related to the activities of the Licensee under this Licence as the Authority may reasonably require to perform its functions.

- A38. Subject to Condition A39, the Authority shall keep confidential any information furnished to it by the Licensee which is of a confidential nature. The Licensee shall label such confidential information at the time of disclosure orally and in writing with a prominently placed label marking stating that such information is "PRIVATE AND CONFIDENTIAL". The Authority shall exercise reasonable care and take all reasonable steps in protecting such confidential information, and in particular shall take reasonable precautions to procure that such confidential information is only disseminated to those employees of the Authority that need to know and use such information in the performance of the Authority's functions.
- A39. In accordance with section 80 of the Act, the Authority shall be entitled to disclose any information received by it where:
- (a) the Authority considers that disclosure is necessary in the discharge of the Authority's functions;
 - (b) the information is or becomes public knowledge other than through disclosure by the Authority;
 - (c) the information was known to the Authority before receipt from the Licensee, without any obligation of confidence;
 - (d) the information lawfully becomes available to the Authority from a source other than the Licensee; or,
 - (e) the Licensee agrees to the disclosure of the information.
- A40. Prior to any disclosure of information under section A39, the Authority shall afford the entity requesting the information and the Licensee that owns the information, an adequate opportunity to make representations regarding the disclosure. Without prejudice to the generality of the foregoing, the Authority shall:
- (a) give no less than fourteen (14) days prior written notice of disclosure to the Licensee whose information the Authority proposes to disclose;
 - (b) give reasonable considerations to any representations made under part (a) above; and,
 - (c) where appropriate, consider such reasonable proposals made by the Licensee to protect the confidentiality of the information, where such proposals do not prejudice the Authority's objective in seeking to disclose the information.

National Security

- A41. The Licensee shall, as required pursuant to any applicable law cooperate with the relevant Government, statutory body or official agency in all ways in matters of law enforcement, public emergency or national security.
- A42. Pursuant to section 84 of the Act and without prejudice to the generality of the foregoing the Licensee shall make available its radiocommunication service and radiotransmitting equipment to the Government.

Amendment

- A43. This Licence may be amended pursuant to the provisions of the Act.

Surrender

- A44. The Licensee may at any time during the duration of this Licence, upon the giving of thirty (30) day's notice in writing to the Authority, surrender the Licence. Such surrender shall take effect subject to the approval of the Authority, such approval not to be unreasonably withheld. Surrender of the Licence shall be without prejudice to the rights and obligations hereunder arising prior to the date of surrender.

Suspension and Termination

- A45. The Authority may suspend or terminate this licence on written notice pursuant to the provisions of the Act where:
- (a) The Licensee has failed to comply materially with any of the provisions of the Act, regulations made thereunder or the terms and conditions of this licence; or
 - (b) The Licensee has failed to comply with any lawful direction of the Authority.

Disputes

- A46. Any dispute on matters relating to the requirements of this Licence or the Act shall be referred to the Authority for determination in accordance with Section 82 of the Act. The Licensee expressly agrees and acknowledges that it shall, as provided for within the provisions of such dispute resolution process, be bound by any decision or award made in such process.

Service of Notices

- A47. Any notice required to be given to the Licensee under this Licence shall be in writing and shall be deemed to have been given if sent by hand or post or by facsimile (in the case of facsimile when proof of transmission is received) to the Licensee's registered address in the Republic of Trinidad and Tobago as filed with the Registrar of Companies, or any other address provided by the licensee to the Authority in writing.

Section B - Specific Conditions Applicable to the Licence

- B1. The Licensee shall keep an up-to-date record of the assignment of frequency/frequencies including but not limited to:
- (a) All the telecommunications equipment, including the antennae, operated under the licence and the equipment specifications;
 - (b) The Coverage area;
 - (c) The effective radiated power of the transmitter;
 - (d) The transmitter location and height; and
 - (e) The International Telecommunications Union (ITU) emission designation.
- B2. The record referred to in the aforementioned section shall be submitted to the Authority at such intervals as the Authority may, from time to time, require within fourteen (14) days of the request being made.
